

SUPER 12 PLUS

The **SUPER 12 PLUS NET TWINE** is a 12 strand Nylon product that has an in-house development coating which stands for high resistance against abrasion.

Other important characteristics of SUPER 12 PLUS are:

- Stabilised and impregnated to improve abrasion properties
- Perfect diameter stability
- Easy to handle and splice

Diameter mm	Weight g/m	Breaking Strength kN
8,0	53	25
10,0	63	30
12,0	83	37
14,0	110	47
16,0	124	53
18,0	159	61

The **SUPER 12 PLUS NET TWINES** can be supplied in natural colour or with three markers (red, green or blue). This material is supplied on plastic reels of around 24.0 kg.
