

## ANZA NETTING POLYESTER SUPERBRAID 71

This polyester braided netting is used for heavy flatfish beam trawls. The low elasticity compared with polyamide netting makes it particularly suitable for this application.

| Ref.        | Runnage<br>m/Kg | Breaking<br>Strength<br>Kgf |
|-------------|-----------------|-----------------------------|
| 15-71 - 3,0 | 150             | 250                         |
| 19-71 - 3,5 | 115             | 330                         |
| 25-71 - 4,0 | 90              | 410                         |
| 29-71 - 4,5 | 75              | 500                         |
| 35-71 - 5,0 | 55              | 660                         |
| 43-71 - 6,0 | 50              | 740                         |
